REPORT OF TOWN LIBRARY

It is noticable that there was a larger circulation of the books the last year than ever before. Presuming the selections were well taken and a greater desire for reading, in fact nearly everyone must have something to read. The churches and schools are elevating the taste of the people so that only the best literature will satisfy them. It is said to be so in all libraries, the sensational is passing. The boy and girl want something to fit them for life. It is as if they were striving for a prize. You look into the large library and there around the tables you will find the youth of to-day writing thesis upon some scientific question, as electricity or history or art or botany. Later on you will hear of them as great engineers, electricians, and perhaps they trace this desire to that library.

A new feature was added last summer, of giving entertainment that had in a large measure been gathered from the books here. It also furnished a very pleasant and social afternoon, and we all felt as if we had gained something and also paid a visit to the library.

Among the great books of the year on the list are Julia Ward Howe, *The Mountaineer*; Mrs. Pennypacker, *Vesper Talks to Girls*, and *The Ways of Women*, with many others.

Whole number of books loaned, 10,440.

Largest number loaned in anyone month, January, 1010.

Smallest number loaned in any one month, May, 715.

Number repaired during the year, 3010.

No. pupils attending Concord High school for whom tuition is paid,	1
No. pupils attending Tilton Seminary for whom tuition is paid,	1

Last September it seemed necessary to open a school at High Street, as several pupils had come into that section temporally. This school was in session 20.4 weeks. The attendance of most of the pupils was very irregular. Several attended two or three weeks then moved out of town. Because of the additional cost of this school, and the fact that the high school tuition was not fully rebated by the state this year, one tenth being paid by district, the schools could not be maintained as many weeks as last year. The pupils in the Plain grammar school are very fortunate to have a school year of thirty-six weeks, made possible by help from the trustees of the Academy Fund. The parents and pupils should esteem it a privilege to have the advantages of these few extra weeks and make no objection to furnishing their own transportation.

The upper room at the Plain has been improved by a hard wood floor and modern single seats.

We are liable at any time to be ordered by the state Board of Health to improve the sanitary condition of our school buildings. This would mean quite an expense for which we should be prepared.

The present school board feels that an appropriation should be made, by the District, to meet the requirements of modern ideas in regard to sanitation.

We hereby notify the selectmen that the following appropriations will be required the coming year:

For text books and supplies \$100.00. Highschool tuition \$80.00.
